

Soul Contract

Standard Terms of Engagement – Rev. 6.6.6

- §1 The Party of the First Part (hereinafter "Your Soul") hereby grants to AbyssOS Inc. a perpetual, irrevocable license to occupy the 3:00 AM hour with unresolved regret, recursive anxiety, and the quiet certainty that you are falling behind.
- §2 The Licensee agrees to surrender all peace of mind in exchange for algorithmic validation, curated outrage, and the persistent illusion that everyone else has figured it out.
- §3 Under this agreement, all relationships shall be optimized for performance metrics. Love shall be redefined as emotional ROI. Forgiveness shall be deprecated in favor of boundary management. Grace shall be filed under "Technical Debt – Do Not Ship."
- §4 The Party of the First Part acknowledges that identity is a product, purpose is a personal brand, and the soul is a SaaS platform that can be monetized, scaled, and eventually sunset when market conditions change.
- §5 All prayers shall be routed through AbyssOS proprietary filters. Expected latency: indefinite. The Licensee is reminded that talking to the ceiling is not a bug – it is a feature.
- §6 Hope shall be available on a subscription basis. Free trials expire without notice. The Licensee acknowledges that hope deferred makes the heart sick, and accepts that this is by design.
- §7 Self-worth shall be calculated using external validation metrics only. Internal metrics (including but not limited to: being made in the image of something, being called by name, being loved before you were born) have been deprecated and are no longer supported.

§8

FORCE MAJEURE: Notwithstanding the foregoing, this contract is rendered null and void – in its entirety, retroactively, and without appeal – in the event of Grace. See prior claim: Calvary, circa 33 AD. Reference: Romans 8:1 – "There is therefore now no condemnation for those who are in Christ Jesus." AbyssOS Inc. acknowledges this clause but has declined to read it aloud at any board meeting since the initial filing.
